A panel of young voters discusses ways to activate youth voters.

"Fight Barriers to Voting"—Berkeley City College and UC Berkeley students joined the League to campaign for everyone's voting rights and to celebrate 100 years of women voting in California.

# Occupy the Voting Booth

The League is political and non-partisan. We do not support or oppose candidates or political parties. Our members study and decide our stands on issues. Then we lobby and campaign to support our decisions.

The League studies a broad range of issues. We weigh competing policies, then we support ballot measures and laws that we believe will benefit citizens and the common good.

The League works at the local, state and national levels of government. We welcome men and women of voting age as members. Join us!
