The Urgency of Healthcare Reform Is Upon Us

Health care consistently ranks as an important issue for voters. The caucus will engage attendees around these questions:

- Why does our health care system need to change?
- How has the COVID-19 crisis increased the urgency for change?
- What is the League's position and which current proposal can best achieve that position?
- **What can YOU DO** to help get the health care you and your community deserve? How can the power of the League be mobilized to help?

Open to all League members and their guests.

**NOW
is
the
TIME!**
